

(2) The applicable Prompt Payment food category (e.g., which item numbers are meat or meat food products, which are perishable agricultural commodities), when the solicitation or contract contains multiple payment terms for various classes of foods and edible products.

[62 FR 12707, Mar. 17, 1997]

### 32.905 Invoice payments.

(a) *General.* Except as prescribed in paragraphs (b), (c), and (d) of this section, or as authorized in 32.908(a)(3) or (c)(3), the due date for making an invoice payment by the designated payment office shall be as follows:

(1) The 30<sup>th</sup> day after the designated billing office has received a proper invoice from the contractor (except as provided in paragraph (a)(2) of this section); or the 30<sup>th</sup> day after Government acceptance of supplies delivered or services performed by the contractor, whichever is later.

(i) On a final invoice where the payment amount is subject to contract settlement actions, acceptance shall be deemed to have occurred on the effective date of the contract settlement.

(ii) For the sole purpose of computing an interest penalty that might be due the contractor, Government acceptance shall be deemed to have occurred constructively on the 7<sup>th</sup> day after the contractor has delivered supplies or performed services in accordance with the terms and conditions of the contract, unless there is a disagreement over quantity, quality, or contractor compliance with a contract requirement. In the event that actual acceptance occurs within the constructive acceptance period, the determination of an interest penalty shall be based on the actual date of acceptance. The constructive acceptance requirement does not, however, compel Government officials to accept supplies or services, perform contract administration functions, or make payment prior to fulfilling their responsibilities. Except in the case of a contract for the purchase of a commercial item as defined in 2.101, including a brand-name commercial item for authorized resale (e.g., commissary items), the contracting officer may specify a longer period for constructive acceptance in the solicita-

tion and resulting contract, if required to afford the Government a reasonable opportunity to inspect and test the supplies furnished or to evaluate the services performed. The contract file shall indicate the justification for extending the constructive acceptance period beyond 7 days. Extended acceptance periods shall not be a routine agency practice but shall be used only when necessary to permit proper Government inspection and testing of the supplies delivered or services performed.

(iii) If the contract does not require submission of an invoice for payment (e.g., periodic lease payments), the due date will be as specified in the contract.

(2) If the designated billing office fails to annotate the invoice with the actual date of receipt at the time of receipt, the invoice payment due date shall be the 30<sup>th</sup> day after the date of the contractor's invoice, provided a proper invoice is received and there is no disagreement over quantity, quality, or contractor compliance with contract requirements.

(b) *Architect-engineer contracts.* The due date for making payments on contracts that contain the clause at 52.232-10, Payments Under Fixed-Price Architect-Engineer Contracts, shall be as follows:

(1) The due date for work or services completed by the contractor shall be the later of the following two events:

(i) The 30<sup>th</sup> day after the designated billing office has received a proper invoice from the contractor.

(ii) The 30<sup>th</sup> day after Government acceptance of the work or services completed by the contractor. On a final invoice where the payment amount is subject to contract settlement actions (e.g., release of claims), acceptance shall be deemed to have occurred on the effective date of the settlement. For the sole purpose of computing an interest penalty that might be due the contractor, Government acceptance shall be deemed to have occurred constructively on the 7<sup>th</sup> day after the contractor has completed the work or services in accordance with the terms and conditions of the contract (see also paragraph (b)(4) of this section). In the event that actual acceptance occurs

within the constructive acceptance period, the determination of an interest penalty shall be based on the actual date of acceptance.

(2) The due date for progress payments shall be the 30<sup>th</sup> day after Government approval of contractor estimates of work or services accomplished. For the sole purpose of computing an interest penalty that might be due the contractor, Government approval shall be deemed to have occurred constructively on the 7<sup>th</sup> day after contractor estimates have been received by the designated billing office (see also paragraph (b)(4) of this section). In the event that actual approval occurs within the constructive approval period, the determination of an interest penalty shall be based on the actual date of approval.

(3) If the designated billing office fails to annotate the invoice or payment request with the actual date of receipt at the time of receipt, the payment due date shall be the 30<sup>th</sup> day after the date of the contractor's invoice or payment request, provided a proper invoice or payment request is received and there is no disagreement over quantity, quality, or contractor compliance with contract requirements.

(4) The constructive acceptance and constructive approval requirements described in paragraphs (b)(1) and (b)(2) of this section are conditioned upon receipt of a proper payment request and no disagreement over quantity, quality, contractor compliance with contract requirements, or the requested progress payment amount. These requirements do not compel Government officials to accept work or services, approve contractor estimates, perform contract administration functions, or make payment prior to fulfilling their responsibilities. The contracting officer may specify a longer period for constructive acceptance or constructive approval, if required to afford the Government a reasonable opportunity to inspect and test the supplies furnished or to evaluate the services performed.

(c) *Construction contracts.* (1) The due date for making payments on construction contracts shall be as follows:

(i) The due date for making progress payments based on contracting officer

approval of the estimated amount and value of work or services performed, including payments for reaching milestones in any project, shall be 14 days after receipt of a proper payment request by the designated billing office. If the designated billing office fails to annotate the payment request with the actual date of receipt at the time of receipt, the payment due date shall be deemed to be the 14<sup>th</sup> day after the date of the contractor's payment request, provided a proper payment request is received and there is no disagreement over quantity, quality, or contractor compliance with contract requirements. The contracting officer may specify a longer period in the solicitation and resulting contract if required to afford the Government a reasonable opportunity to adequately inspect the work and to determine the adequacy of the contractor's performance under the contract. The contract file shall indicate the justification for extending the due date beyond 14 days. The contracting officer or a representative shall not approve progress payment requests unless the certification and substantiation of amounts requested are provided as required by the clause at 52.232-5, Payments Under Fixed-Price Construction Contracts.

(ii) The due date for payment of any amounts retained by the contracting officer in accordance with the clause at 52.232-5, Payments Under Fixed-Price Construction Contracts, shall be as specified in the contract or, if not specified, 30 days after approval by the contracting officer for release to the contractor. This release of retained amounts shall be based on the contracting officer's determination that satisfactory progress has been made.

(iii) The due date for final payments based on completion and acceptance of all work (including any retained amounts), and payments for partial deliveries that have been accepted by the Government (e.g., each separate building, public work, or other division of the contract for which the price is stated separately in the contract) shall be as follows:

(A) Either the 30<sup>th</sup> day after receipt by the designated billing office of a proper invoice from the contractor, or

the 30<sup>th</sup> day after Government acceptance of the work or services completed by the contractor, whichever is later. If the designated billing office fails to annotate the invoice with the actual date of receipt at the time of receipt, the invoice payment due date shall be deemed to be the 30<sup>th</sup> day after the date of the contractor's invoice, provided a proper invoice is received and there is no disagreement over quantity, quality, or contractor compliance with contract requirements.

(B) On a final invoice where the payment amount is subject to contract settlement actions (e.g., release of contractor claims), acceptance shall be deemed to have occurred on the effective date of the contract settlement.

(iv) For the sole purpose of computing an interest penalty that might be due the contractor for payments described in paragraph (c)(1)(iii)(A) of this section, Government acceptance or approval shall be deemed to have occurred constructively on the 7<sup>th</sup> day after the contractor has completed the work or services in accordance with the terms and conditions of the contract (see also paragraph (c)(1)(v) of this section). In the event that actual acceptance occurs within the constructive acceptance period, the determination of an interest penalty shall be based on the actual date of acceptance.

(v) The constructive acceptance and constructive approval requirements described in paragraph (c)(1)(iv) of this section are conditioned upon receipt of a proper payment request and no disagreement over quantity, quality, contractor compliance with contract requirements, or the requested amount. These requirements do not compel Government officials to accept work or services, approve contractor estimates, perform contract administration functions, or make payment prior to fulfilling their responsibilities. The contracting officer may specify a longer period for constructive acceptance or constructive approval in the solicitation and resulting contract, if required to afford the Government a reasonable opportunity to adequately inspect the work and to determine the adequacy of the contractor's performance under the contract.

(2) Construction contracts contain special provisions concerning contractor payments to subcontractors, along with special contractor certification requirements. The Office of Management and Budget has determined that these certifications are not to be construed as final acceptance of the subcontractor's performance. The certification in 52.232-5(c) implements this determination; however, certificates are still acceptable if the contractor deletes paragraph (c)(4) of 52.232-5 from the certificate.

(3)(i) Paragraph (d) of the clause at 52.232-5, Payments under Fixed-Price Construction Contracts, and paragraph (e)(6) of the clause at 52.232-27, Prompt Payment for Construction Contracts, provide for the contractor to pay interest on unearned amounts in certain circumstances. This interest shall be recovered from subsequent payments to the contractor. Therefore, normally no demand for payment shall be made. Contracting officers shall—

(A) Compute the amount in accordance with the clause;

(B) Provide the contractor with a final decision; and

(C) Notify the payment office of the amount to be withheld.

(ii) The payment office shall be responsible for making the deduction of interest. Amounts collected in accordance with these provisions shall revert to the Treasury of the United States.

(d) *Food and specified items.* Due dates for payments of contractor invoices for meat, meat food products, or fish; perishable agricultural commodities; and dairy products, edible fats or oils, and food products prepared from edible fats or oils are as follows:

(1) For meat or meat food products, as defined in section 2(a)(3) of the Packers and Stockyard Act of 1921 (7 U.S.C. 182(3)), and as further defined in Public Law 98-181, including any edible fresh or frozen poultry meat, any perishable poultry meat food product, fresh eggs, and any perishable egg product, as close as possible to, but not later than, the 7<sup>th</sup> day after product delivery.

(2) For fresh or frozen fish, as defined in section 204(3) of the Fish and Seafood Promotion Act of 1986 (16 U.S.C. 4003(3)), as close as possible to, but not

later than, the 7<sup>th</sup> day after product delivery.

(3) For perishable agricultural commodities, as defined in section 1(4) of the Perishable Agricultural Commodities Act of 1930 (7 U.S.C. 499a(4)), as close as possible to, but not later than, the 10<sup>th</sup> day after product delivery, unless another date is specified in the contract.

(4) For dairy products (as defined in section 111(e) of the Dairy Production Stabilization Act of 1983 (7 U.S.C. 4502(e)), edible fats or oils, and food products prepared from edible fats or oils, as close as possible to, but not later than, the 10<sup>th</sup> day after the date on which a proper invoice has been received. Liquid milk, cheese, certain processed cheese products, butter, yogurt, ice cream, mayonnaise, salad dressings, and other similar products, fall within this classification. Nothing in the Act limits this classification to refrigerated products. When questions arise regarding the proper classification of a specific product, prevailing industry practices should be followed in specifying a contract payment due date. The burden of proof that a classification of a specific product is, in fact, prevailing industry practice is upon the contractor making the representation.

(e) *Content of invoices.* A proper invoice must include the items listed in paragraphs (e)(1) through (e)(8) of this section. If the invoice does not comply with these requirements, it shall be returned within 7 days after the date the designated billing office received the invoice (3 days on contracts for meat, meat food products, or fish; 5 days on contracts for perishable agricultural commodities, dairy products, edible fats or oils, and food products prepared from edible fats or oils), with a statement of the reasons why it is not a proper invoice. If such notice is not timely, then an adjusted due date for the purpose of determining an interest penalty, if any, will be established in accordance with 32.907-1(b):

(1) Name and address of the contractor.

(2) Invoice date. (Contractors are encouraged to date invoices as close as possible to the date of mailing or transmission.)

(3) Contract number or other authorization for supplies delivered or services performed (including order number and contract line item number).

(4) Description, quantity, unit of measure, unit price, and extended price of supplies delivered or services performed.

(5) Shipping and payment terms (e.g., shipment number and date of shipment, prompt payment discount terms). Bill of lading number and weight of shipment will be shown for shipments on Government bills of lading.

(6) Name and address of contractor official to whom payment is to be sent (must be the same as that in the contract or in a proper notice of assignment).

(7) Name (where practicable), title, phone number, and mailing address of person to be notified in the event of a defective invoice.

(8) Any other information or documentation required by the contract (such as evidence of shipment).

(9) While not required, contractors are strongly encouraged to assign an identification number to each invoice.

(f) *Authorization to pay.* All invoice payments shall be supported by a receiving report or any other Government documentation authorizing payment. The agency receiving official should forward the receiving report or other Government documentation to the designated payment office by the 5<sup>th</sup> working day after Government acceptance or approval, unless other arrangements have been made. This period of time does not extend the due dates prescribed in this section. Acceptance should be completed as expeditiously as possible. The receiving report or other Government documentation authorizing payment shall, as a minimum, include the following:

(1) Contract number or other authorization for supplies delivered or services performed.

(2) Description of supplies delivered or services performed.

(3) Quantities of supplies received and accepted or services performed, if applicable.

(4) Date supplies delivered or services performed.

(5) Date supplies or services were accepted by the designated Government official (or progress payment request was approved if being made under the clause at 52.232-5, Payments Under Fixed-Price Construction Contracts, or the clause at 52.232-10, Payments Under Fixed-Price Architect-Engineer Contracts).

(6) Signature, or when permitted by agency regulations, electronic equivalent, printed name, title, mailing address, and telephone number of the designated Government official responsible for acceptance or approval functions.

(7) If the contract provides for the use of Government certified invoices in lieu of a separate receiving report, the Government certified invoice also must contain the information described in paragraphs (f)(1) through (f)(6) of this section.

(g) *Discounts.* When a discount for prompt payment is to be taken, payment will be made as close as possible to, but not later than, the end of the discount period. Payment terms are specified in the clause at 52.232-8, Discounts for Prompt Payment.

(h) *Billing office.* The designated billing office shall immediately annotate each invoice with the actual date it receives the invoice.

(i) *Payment office.* The designated payment office shall annotate each invoice and receiving report with the date a proper invoice or receiving report was received by the designated payment office.

(j) *Multiple payment rates.* Contractors may be encouraged, but cannot be required, to submit separate invoices for products with different payment due dates under the same contract or order. When an invoice is received that contains items with different payment periods (a mixed invoice), the payment office shall comply with all contractual and statutory payment provisions. In dealing with mixed invoices the payment office may, subject to agency policy—

(1) Pay all items at the later of the due dates, provided applicable interest penalties also are paid;

(2) Pay all items at the earlier of the due dates; or

(3) Split invoice payments, making payment by the due date applicable to each payment class.

[62 FR 12707, Mar. 17, 1997, as amended at 63 FR 58602, Oct. 30, 1998]

### 32.906 Contract financing payments.

(a) Unless otherwise prescribed in policies and procedures issued by the agency head, or designee, the due date for making contract financing payments by the designated payment office will be the 30<sup>th</sup> day after the designated billing office has received a proper request. In the event that an audit or other review of a specific financing request is required to ensure compliance with the terms and conditions of the contract, the designated payment office is not compelled to make payment by the due date specified. Agency heads may prescribe shorter periods for payment, if appropriate based on contract pricing or administrative considerations. For example, a shorter period may be justified by an Agency if the nature and extent of contract financing arrangements are integrated with Agency contract pricing policies. A period shorter than 7 days or longer than 30 days shall not be prescribed.

(b) For advance payments, loans, or other arrangements that do not involve recurrent submission of contract financing requests, payment shall be made in accordance with the applicable contract financing terms or as directed by the contracting officer.

(c) A proper contract financing request must comply with the terms and conditions specified by contract financing clauses or other authorizing terms. The contractor shall correct any defects in requests submitted in the manner specified in the contract or as directed by the contracting officer.

(d) The designated billing officer and designated payment office shall annotate each contract financing request with the date a proper request was received in their respective offices.

[53 FR 2690, Feb. 8, 1988, as amended at 62 FR 12709, Mar. 17, 1997]
